

SWIMWEAR & WATERSHORTS

SEASON 1/2019

speedo 

Fastskin After Care

To ensure your suit lasts as long as possible and performs at its very best, we ask that you take note of the following care instructions...

	When putting on your suit do not pull on areas on the thinner more flexible areas of the fabric (highlighted in red). Only pull on the strong seams or the double layered fabric.		Keep away from sharp objects and long nails.		When putting the suit on try to use the pads of the fingers.
	Rinse immediately in clean cold water after use. Chlorine will damage the suit over time.		30°C hand wash only with no detergent.		Lay your suit out flat & reshape it after use.
	Avoid contact with direct heat. Keep away from the radiator and do not iron.		Wearing the suit for racing only will prolong the lifespan of the suit.		

Swimwear After Care

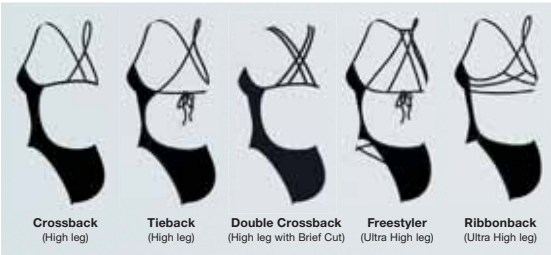

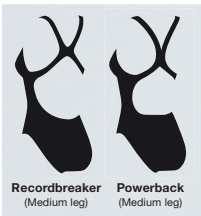

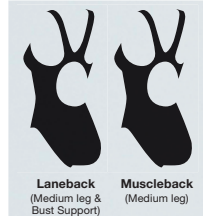

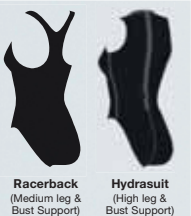

To ensure your swimwear lasts as long as possible, see these small steps on how you can care for your swimwear...

	• Rinse immediately in clean cold water after use. Chlorine will damage the suit over time.		• Lay flat in a warm environment and avoid direct lengthy exposure to the sun.		• Avoid contact with direct heat. Keep away from the radiator and do not iron.
	• Gently squeeze the suit to remove excess water or use a spinner at your local pool.		• Be careful where you sit. If possible, try to sit on a towel as pool side and decks can be abrasive which may snag the suit.		
	• Follow the washing instructions on the care label after each use.				

Speedo's Bust Support Guide

			
			
Light Support (Mainline)	Medium Support (Sculpture)	Support with padding	High Support (HydroSense)
A comfortable under band keeps your bust in place.	Shaping fabric and a powermesh liner ensure you are supported.	An under seam supports the bust whilst removable cups offer shaping.	Powermesh and a 360 underband gives you a secure fit.

Speedo's Backs Guide

Hydrosense Stylish back shapes with Mesh panels, designed for a responsive fit. All of the Female Hydrosense range features high level of bust support with 360 underband.	Flipturns Combines an open back and thin straps for maximum comfort and style - High cut for a flattering look.	Openbacks Allowing for a full range of movement. Ideal for long training sessions.
		
Thinstraps Ideal for avoiding thick tan lines when swimming outdoors.	Classic Backs Aiding shoulder movement and flexibility. Ideal for long training sessions.	Greater back coverage With additional bust support for comfort and confidence in the water.
		
		

Female - Mainline

Boom Allover Muscleback
8-10818B351
Black / White

Muscleback design with flexibility and freedom of movement. Leg Height: Medium. Fabric Composition: 80% Polyamide 20% Elastane (Creora HighClo).

Boom Allover Muscleback
8-10818B388
Black / Electric Pink
